Trip Planning Checklist

We know that planning transportation for a large group can be challenging. So, we've put together this checklist to help make sure that choosing yellow means easy, worry-free events.

Finalize Your Itinerary

The first step is to iron out the details of your trip. It's easy to get caught up in the excitement of your destination, while overlooking details of your itinerary. By providing complete information about your schedule, our agents can provide the best possible transportation planning.

- When is your trip?
- Where are you going?
- Where will your group need to be picked up?
- Where does your group need to be dropped off?
- When do you need to return?
- Do you need to make stops along the way?
- Do you need to pick up passengers at multiple locations?

Know Your Group

Knowing your group is crucial to plan the details of your trip. We understand that every group is unique and we strive to provide customized services that meet your individual needs.

- Who will be in your group?
- How many people are in your group?
- How many adults? How many children?
- Will you have passengers with special needs? (For example, handicap accessibility)
- Is there anything the driver(s) should know about your group?

Prep for Your Event

It's tempting to put off preparations for your trip until the day before but it's the details that will make everything go smoothly. When you have everything you need, you can leave your worries at the curb.

- What will you need for you trip?
- Does your event require tickets?
- Does your event require photo identification?
- Have you prepared for weather conditions?
- Will you need food or drinks along the way?
